

Practical Art

The Colour Mixing Guide:

Watercolour Botanicals *Julie Collins*

This book will inspire your love of colour, provide you with colour mixing inspiration and is designed to equip you with the knowledge you need to confidently create your own colour mixes. Discover: • Comprehensive information about colour, including a colour wheel and a guide to pure and mixed pigments • Essential watercolour techniques such as painting wet into wet, wet on dry, washes, lifting off and more • 15 inspirational paintings with colour swatches, 5 shown step-by-step from start to finish • Useful tips and tricks throughout.

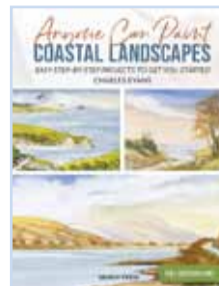

\$29.99 Paperback 215 x 155mm 64pp 250031

Anyone Can Paint Coastal

Landscapes Easy Step-by-Step Projects to get you Started *Charles Evans*

This guide begins with a short yet indispensable 'what you need' section, and some brief guidance on general techniques such as how to mix your watercolours, how to make the most of your palette, and how to enhance your watercolours with the addition of gouache. The 6 stunning step-by-step projects that follow build in difficulty as you work through the book. The outlines for each of the projects appear at the end of the book for you to trace, transfer and customize so you can start to paint impressive coastal scenes straight away.

Gardening

Tiny and Wild Build a Small-Scale Meadow Anywhere *Graham Laird Gardner*

Learn how to embrace your wild side and create a low-maintenance miniature wildflower meadow that's teeming with life. With as little as a few square feet of space, you can create a beautiful, naturalistic planting that supports a diversity of plants, pollinators and a plethora of other living things, not to mention its visual appeal to human eyes. The author helps you find inspiration in natural spaces so you can successfully site, design, plant and care for your own small-scale meadow. The plant lists and charts share the best plants and the author offers plenty of practical advice on planting and caring for your meadow.

Kew – Rare Plants The World's Unusual and Endangered Plants *Ed Ikin*

Rare Plants explores what makes the world's most uncommon plants so exceptional, and by what means they have become so scarce. From highlands to jungles, many of our most extraordinary plants are vanishing at shocking rates, and this exquisitely illustrated book explores 40 of these mysterious species. Featuring stunning archive images and expert insight from the Royal Botanical Gardens, Kew, the book explores both the beauty and necessity of our endangered plant life.

\$49.99 Hardback 280 x 215mm 224pp 230539

Botany for Gardeners An Introduction to the Science of Plants *Brian Capon*

The answers to complex plant processes can be found in *Botany for Gardeners*. Now in its fourth edition, the book has been expanded and updated. It features a revised interior, with new photos and illustrations that clarify the concepts. Additional updates address scientific advances, changes in nomenclature and taxonomy, and more. As before, the book shares accessible information about how plants are organized, how they have adapted to nearly all environments on earth, their essential functions and how they reproduce.

Can Do Picks

The Encyclopedia of Epic Myths and Legends Extraordinary and Mesmerizing Stories that Will Boggle Your Mind *Arie Kaplan*

Discover how ancient tales across cultures have influenced today's pop culture. Fun and engaging, the book details the influences of classical stories on contemporary popular culture. Without these myths, passed down through the generations over three millennia, many of the stories we enjoy in our current media wouldn't exist! • Are you wearing Nike shoes? The company is named after the Greek goddess of victory. • Big on astronomy? Most of the planets in our solar system, like Mercury, Jupiter and Mars, are named after members of the Roman pantheon. • Mythology from around the world and shows that Superman and Achilles are connected, Frankenstein and Prometheus were cut from the same cloth and how an Egyptian sun god has inspired video games, the musical stage and the silver screen.

Mosaics Inspired by Nature

Creating Contemporary Art *Rachel Davies*

This book is a creative guide to creating contemporary mosaics inspired by nature. Starting with tools, materials and cutting techniques, discover adhesive and substrate options, and get to know the various materials and how to use them creatively. The book offers a series of exercises and suggestions to allow you to explore your own interests and develop your own designs. These are supported by step-by-step examples, illustrating the various methods and techniques – both traditional and modern – to show how a piece of art develops from start to finish. With worked examples and a spotlight on other artists' work, you will find inspiration to get started in your own mosaic journey.

Wholesale Couture London and Beyond, 1930–70 *Liz Tregenza*

Wholesale Couture seeks to revise the notion that wholesale couturiers were simply copyists and demonstrates the complexities of their design processes and business strategies. Liz Tregenza traces wholesale couture garments from concept to usage, considering design, manufacture, branding, promotion, retail and export. She looks beyond the garments produced and investigates the people behind these firms, consequently demonstrating the significant role that largely Jewish immigrants played in the development and success of this industry. The book also considers the wider social and economic factors that affected manufacturers and consumers; the effect of austerity, rationing and the Utility scheme, and the pressing need for wholesale couturiers to export their products internationally.

\$59.99 Paperback 230 x 155mm 232pp 240667

Vivienne Westwood: The Story Behind the Style *Jessica Bumpus*

Discover the story of the punk fashion designer and all-round revolutionary icon, Vivienne Westwood. Packed with photographs and information covering her extraordinary life, you'll discover how provocation and anti-establishment slogans became her calling cards and how her brand developed its characteristic motifs. Find out about the Vivienne Westwood catwalk moments that have gone down in history, how THAT wedding dress came to feature in the Sex and the City movie and how a pearl necklace went viral on TikTok. With an exploration of everything from the most notable collaborations and key protest moments to the last VW show and collection before her death in 2022, the book is the perfect gift for everyone who has ever been inspired by the Dame of fashion.

FuturLiberty

Liberty Fabrics and the Avant-Garde *Ester Coen & Richard Cork*

FuturLiberty is a unique exploration of the close relationship between art and design, explored through the historic and contemporary fabric designs of Liberty, where avant-garde art has influenced the colourful, geometric collections for more than half a century. In anticipation of Liberty's 150th anniversary, esteemed couturier and interior designer Federico Forquet has curated a striking new range of fabrics – the FuturLiberty Collection – that carries Liberty's creative heritage into our own age. By illuminating the process by which the FuturLiberty Collection came into being, this highly visual study also reveals how art can inform design, making it contemporary, relevant and engaging.

Tree Glee How and Why Trees Make Us Feel Better

Cheryl Rickman

Tree Glee looks at the psychology behind our fascination with trees, examining exactly how they comfort, restore and revitalise us and what we can learn from the wisdom of woodlands to improve our own wellbeing. It explores the importance of trees in our leafy suburbs and urban landscapes, sharing magical stories of remarkable ancient trees across the globe and inviting readers to reflect on their own personal 'treestory'. Featuring captivating photos and with chapters on forest bathing and nature therapy, woodland wellbeing and tree mythology the book explores how by deepening our appreciation and connection to trees and by celebrating and protecting them, we can flourish together.

The Budgeting Journal Take Control of Your Finances and Achieve Your Saving Goals

Julie Bassett

This budgeting journal is for everyone who wants to feel more in control of their spending and will help you to unpack your habits surrounding money in a non-judgemental and encouraging way. Written in a calm, warm, tone, it is the perfect starting point for anyone wanting to take their money more seriously. It is a breath of fresh air in a space that often feels crowded with aggressive advice for how to make more money as opposed to managing and enjoying the money you already have. The Budgeting Journal is the ideal tool for anyone wanting to have a little more oversight on their own spending and keep track of their habits around money. Attractively designed, and easy to follow, it is non-threatening, clear and very reassuring.

The Crystal Collector How to Build a Lifelong Collection of Precious Stones

Jillian Aurelia Green

This book combines the sought-after metaphysics of the crystal world with the practicality of how to select, source, care for and curate a growing crystal collection. • Part One offers a behind the scenes look at how crystals are mined, how to differentiate between counterfeit and natural stones, the best avenues for adding to one's collection and how to source crystals ethically and sustainably. • Part Two, the heart of the book, offers beginners and enthusiasts alike an easy reference to potential crystal collections. • Part Three spotlights how to care for different types of crystals, and how to organize, curate and utilize the stones and minerals in one's collection. Beautiful photographs, along with tips, provide inspiration on how to organize and display crystal collections, while crystal grids offer ways to showcase one's crystals with purposeful intention.
